

Azreen Arshad Maulavi

PRODUCT DESIGNER | UI/UX DESIGNER

📍 Mumbai ✉️ maulaviazreen@gmail.com ☎️ 9881174788 🌐 in/azreen-maulavi-b18630223

SUMMARY

Aspiring Product Designer with hands-on experience designing intuitive mobile and web experiences through self-driven UI/UX projects and published research. Skilled in user-centered design, interaction design, prototyping, and scalable design systems using Figma. Adept at translating complex problems into clean, accessible digital products with a strong focus on usability and visual hierarchy.

EDUCATION

Master of Science in Computer Science - Abeda Inamdar Senior College Affiliated to Savitribai Phule Pune University | 2025 | 98.37%

Bachelor of Science in Computer Science - Abeda Inamdar Senior College Affiliated to Savitribai Phule Pune University | 2023 | 93.27%

Higher Secondary Certificate HSC - Abeda Inamdar Junior College Pune | 2020 | 88.46%

Secondary School Certificate SSC - Anjuman Islam Girls School Pune | 2018 | 93.8%

EXPERIENCE

MEAN Stack Developer Intern - Facile Infoserv

January 2025 - April 2025, Pune

- Developed Angular-based UI components as part of a MEAN stack web application, translating design requirements into functional interfaces.
 - Collaborated with the development team to ensure responsive and visually consistent layouts across application modules.
 - Gained hands-on understanding of frontend architecture and design-to-development handoff workflows, directly informing UX decision-making.
 - Worked within an Agile team environment, participating in sprint cycles and cross-functional collaboration.
-

RESEARCH PUBLICATION

ApniSabzi: A Digital Solution to Fresh Produce Street Vending Problems in Pune District

Co-Author : International Journal for Multidisciplinary Research (IJFMR), Vol. 7, Issue 2 · March–April 2025

- Conducted literature review addressing socio-economic challenges faced by urban street vendors.
 - Designed scalable MERN stack architecture supporting vendor dashboards and customer ordering workflows.
 - Applied hyperlocal e-commerce approach to improve vendor accessibility and sustainability.
-

FEATURED PROJECTS

1) ApniSabzi — Hyperlocal Grocery Platform - Product Design Case Study

- Designed a mobile-first grocery application connecting local vegetable vendors with nearby users.
- Created user flows, wireframes, high-fidelity screens, and interactive prototypes.
- Focused on improving accessibility, trust, and ease of ordering.

Tools Used:Figma, Medium, Notion

2) Travel Airline Dashboard UI - Dashboard & Data Visualization Design

- Designed a responsive airline management dashboard featuring booking insights, analytics cards, and ticket management flows.
- Structured complex information using clean visual hierarchy and modular components.

Tools: Figma

3)Animated Pizza Website UI - Interactive Web Design Project

- Designed animated landing pages for a pizza brand website featuring dynamic flavour showcases.
- Focused on responsive layouts and visually appealing product presentation.

Tools Used:Figma

4)Musify — Mobile App UI Design

- Designed a modern music streaming mobile application with clean navigation and immersive visuals.
- Built consistent design components for scalable UI structure.

Tools Used:Figma

5)OTT Platform UI Design

Entertainment Product Design

- Designed OTT application screens including home page, content browsing, watchlist, and streaming UI.
- Created modern layouts optimized for mobile viewing experience.

Tools Used:Figma
